

Abstract submission guide

Dear participants!

We ask all authors to carefully read the basic requirements for the design of the abstract of the report for the collection of proceedings of our online conferences. From our part, our team will do everything possible to make your materials look worthy in the eyes of international scientific community!

An anti-plagiarism check will be required.

Respectfully,
Scientific Board.

General

- Abstracts can only be submitted online via the online abstract submission form.
- The decision of the Reviewers on the acceptability of the submission is final.
- While preferences for oral or poster presentation will be considered, the Reviewers may offer the alternative format.
- **Instructions on the timings and duration of oral presentations and the format and size of posters will be given in the result correspondence which will be issued by 10th November 2020 if not earlier.** If you have not received a result by November 11 2020, please contact the Secretariat. If an abstract cannot be presented at the Conference, the Secretariat must be notified in writing in advance to avoid compromise to the professionalism of the event.
- The Reviewers reserve the right to accept or refuse an abstract, to designate abstracts as either oral or poster presentations and to choose a suitable session for the abstract.

Publications

- On the Conference website 1 week prior to the Conference.
- Abstracts will be published as submitted in Conference proceedings in electronic format.
- Best abstracts related to water topic will be recommended for publication in CAJWR
- Best abstracts on other topics will be recommended for publication in full article format in the conference proceedings.

Submission Process

- A paper should not be submitted to the conference if it has already been presented.
- Abstract submission is only possible via the online abstract submission form (Google Form). If you have not had a confirmation of receipt within 7 days of your submission, please contact the Abstract Secretariat at conference.nri@dku.kz
- Please read carefully all the instructions available on the Internet and on the on-line abstract submission system before preparing your abstract.
- A paper cannot be accepted if the conflict of interest disclosure is not signed. On the on-line abstract form, provide the requested details for all authors.

Requirements for the design of the extended abstract of the report for the collection of works

1. General requirements

- The volume of the entire text must be within 2000- 3000 characters without spaces.
- One table or figure can be included, but the total number of cells (columns + rows) may not exceed 16. Please note that tables or figure may significantly reduce the number of the remaining allowed characters.

2. Mandatory text structure

Heading

[empty line]

Name of the author 1, degree (if any), place of work, / place of study, position, city, country, email

Name of the author 2, degree (if any), place of work, / place of study, position, city, country, email

Name of the author n, degree (if any), place of work, / place of study, position, city, country, email

[empty line]

Keywords: 5 keywords / phrases

[empty line]

Mandatory sections (all sections must be marked with one paragraph)

1. **Introduction** (3 lines)
2. **Aim of research** (2 lines)
3. **Research area** (2 lines)
4. **Methods** (3 lines): this section should contain sufficient information to be able to understand the experimental design, the analytical techniques and the statistics used in the study.
5. **Main results** (8 lines): this section should contain objective data to answer the scientific question(s).
6. **Discussion** with explanation of the results obtained (8 lines)
7. **Conclusion** (5 lines): this section should provide only conclusions of the study directly supported by the results, along with implications, avoiding speculation and overgeneralisation.
8. **References** (if any / 3 lines)

Example of formatting a list of sources

1. Adam J. C., E. A. Clark, D. P. Lettenmaier, and E. F. Wood, 2006: Correction of global precipitation products for orographic effects. J. Climate, 19, 15–38. Адрес в интернете или DOI
2. Оф. сайт ИМФА в РК [Эл. ресурс]. URL: <http://kazaral.org/syrdarya-ot-tyan-shanya-do-aralska/> (Дата доступа к ресурсу автором)
3. Bellouin N., Rae J., Jones A., Johnson C., Haywood J., Boucher O. Aerosol forcing in the Climate Model Intercomparison Project (CMIP5) simulations by HadGEM2-ES and the role of ammonium nitrate // JGR: Atmospheres. 2011. Vol. 116. № D20. <https://doi.org/10.1029/2011JD016074>

3. Technical requirements for the formatting of extended abstracts:

- Format: Microsoft Word (doc / docx / rtf),
- Font: TimesNewRoman,
- Size: 12,
- Margins: 2.5 cm on all sides,
- Alignment: left aligned,
- Line spacing: 1.5,
- Do not put spacing between paragraphs
- Sheet size: A4 (book),
- Do not set the page number.
